excuse me but I have my own opinions or don't I have  
the right to make up my own mind I don't like the way  
you question my decisions and I wont conform to the  
ways that you find you tell me you'll sell me p.c  
propaganda change my beliefs with a t-shirt just my  
size I don't need a teenage screaming emo band to tell  
me not to believe what their friends are calling lies  
turning the tide for the chosen few making me change  
my ways for something new don't point your finger at  
the things I do 'cause I'll point a different finger back at  
you why should I abide by straight edge alcoholics or  
take advice from a vegan carnivore I defy you  
sideways backwards twisted logic and the moronic  
rantings of a suicidal hotline virgin whore no I'm not  
gonna listen anymore
