Give me a kiss and I'll savor this night  
Just as the wind breathes its breath to my life  
You have awakened a part of my soul  
A pleasantry  
Here in my dreams

And so I am lost in the shadows on the wall  
And this Latin Lullaby is all I have to remind me...  
Oh so many stars  
But no not half as bright as you  
And a warm mandolin wind  
Plays next of kin  
Like a lover  
Like a Latin Lullaby

Come to my bed like a thief in the night  
Steal me away take your breath from my life  
Leave me alone you can come back to me-another time  
And I'll surrender  
Just like the passion that flows through my veins  
More like the river and with your love came nectar and  
honey  
The sweetest of thing  
Your laughter brings me to my knees

And so I am lost in the shadow of your smile  
And this Latin Lullaby is all I have  
To remember  
How we danced that night  
Under a warm calypso breeze  
And you played me like the strings on your guitar  
So tenderly  
Like a Latin Lullaby

No one else can see inside my soul-makes me whole  
No one else can touch my heart the way you do  
There in your eyes I have danced a thousand times  
Lost inside the sweetest melody-that is you

There in your eyes I have loved you a thousand times  
Lost inside the sweetest melody

Oh so many stars  
But no not half as bright as you  
And a warm mandolin wind  
Plays next of kin  
Like a lover  
And so I am lost in the shadow of your smile  
And this Latin Lullaby is all I have to remember
