(feat. Kurupt)

Oooooohhhh

[Teena Marie:]

If you feelin what you see now  
And you like to talk to me now  
Keep it postal baby please now  
Got me saying ooh ooh wee now

[Verse 1:]

I never thought I'd find my love serine  
Or someone to fulfill my childhood dreams yeah  
The moment that you walked into the room  
I knew that fairy tales do really come true  
It must have been the flowers you gave me  
Or it could have been the way you smiled?  
I think it was the introduction  
Perhaps it was the kiss

[Chorus:]

Baby ooh wee  
You were dressed to the night  
Fell in love with you fine  
And the gangsta swine  
Ooh ooh ooh ooh ooh wee mmm baby ooh wee  
I ain't lying I would swear and  
Like a 357  
Smith Wesson Magnum  
Baby baby yea yea yea

[Verse 2:]

First back to me we was kicking back  
You in my dressing room and talking smack boy  
I'm gonna call you my perfect man to me  
And sing to him like we we got to be free  
It must have been the O.G. Gators  
Or could have been the rim you won  
I think it was the introduction  
Perhaps it was the kiss

[Chorus:]  
Baby ooh wee  
You were dressed to the night  
Fell in love with you fine  
And the gangsta swine  
Ooh ooh ooh ooh ooh wee mm baby ooh wee  
I ain't lying I would swear and  
Like a 3.57  
Smith Wesson Magnum  
Baby baby yea yea yea

I'm not the kind of girl  
Who needs expensive things  
Baby no no  
Don't need no fancy cars  
Don't need no diamond rings  
Just pay attention to my heart it's telling things  
I'll build the castle out of sand  
Before a king fit for a queen

Oooohhhhhh oh oh oh ooh wee

[Chorus:]  
You were dressed to the night  
Fell in love with you fine  
And the gangsta smile  
Ooh ooh ooh ooh ooh wee  
I ain't lying I would swear and  
Like a 3.57  
Smith Wesson Magnum  
Baby baby yea yea yea

[Teena Marie:]  
Ooh he's coming over here.  
And he got a cane.  
Just be easy baby.  
Don't let it catch you.

[Kurupt:]  
Wasup lil mama.  
I picked you up by yo pretty face,  
You know what I mean?  
Uh, what's crackin' with you?  
Mmm what you drinkin'?  
I'd like to buy you a drink.  
You know what? We need to come a little bit closer...
