Such a baby
He's out to get me

I'm standing on the corner of the rhythm and blues
A Valentino smile gave me my first clue
Tell me girl, I wonder, can you spare me some time
He said, "I mean more than just your nine to five"

Love at first sight I thought so
Or maybe it was the clock
That led me to his passion
It was not 'pillow talk'

When he taught me to spell disaster
I hollered, "Someone save me"

There's been a robbery, somebody please
I'm gonna put out an A.P.B., a love thievery
There's been a robbery, somebody please
I'm gonna put out an A.P.B., a love thievery

Save me, save me, save me
Save me, save me, save me
Save me

He was Poitier and Gable all rolled into one man
A Marlon Brando voice, played me to his hand
Sweet words not just saccharin but the pure sugarcane
Confection surely drips when he speaks my name

Love at first sight I thought so
Or maybe it was the clock
That led me to his passion
It was not 'pillow talk'

When he taught me to spell disaster
I hollered, "Someone save me"

There's been a robbery, somebody please
I'm gonna put out an A.P.B., a love thievery
There's been a robbery, somebody please
I'm gonna put out an A.P.B., a love thievery

Save me, save me, save me
Save me, save me, save me
Save me, save me, save me
Someone save me

He's gonna get me
Robbery, A.P.B.
Robbery, A.P.B.
Save me
Robbery, A.P.B.
Robbery, A.P.B.

Please, somebody please, there's been a robbery
He's got my heart and love baby, baby
Somebody please, there's been a robbery
I'm gonna put out an A.P.B.

Somebody please, please
Somebody please, please

Save me
