(feat. Shirley Murdock)

Soldiers...

I'm sending this one out to all the men and women
overseas...

Soldiers...

In hopes that you come home to your families...S

Oldiers

Give your love just for a lifetime

Faith is just at the right time

Hope here in the night time

Daylight brings the sunshine

Comfort when you needed it

Triviality trust try chance believed it

Send you sweet things through the front door

Give you all of this and much more

Soldier boy sleep there with the angels

Soldier boy keep you safe from danger

Soldier boy we will always be together

I love you, but God he loves you better

So much war and poverty

Wished that you could rest your head on me

To kiss each others' tears away

Keep all your fears at bay

Home as soon as possible

Remind you of the golden rule

See your son and daughter's eyes

In them I keep hope alive

Soldier girl sleep there with the angels

Soldier girl keep you safe from danger

Soldier girl we will always be together

I love you, but God he loves you better

Open up your heart you'll find it's heaven sent
And all your thoughts become so pure so relevant
Exceptions in your mind you'll find immaculate
And all you winter is no longer; test for test

Our Father, who art in heaven,
Hallowed be thy Name.
Thy kingdom come.
Thy will be done,
On earth as it is in heaven.
Give us this day our daily bread.
And forgive us our trespasses,
As we forgive those who trespass against us.
And lead us not into temptation,
But deliver us from evil.

I look around the world and all I see is so much pain
and turmoil
Got to teach your kids not to waste and destroy the
earth's soil
Send our children off to war and watch them die for
crude oil
Find a positive of what is blue or we are foiled

If I had one wish right now, I'd wish I could hold you
Remind you of the sweet things your mama told you
Wrap my arms around you until this has been brought
to closure
Read my letters back to back; you'll always be my
soldier

You can count on me to understand; in my milk and
honey land
Things are really not that bad; joyous tidings don't be
sad
I'll be waiting right here for you; I am well and I adore
you
Unconditional my love; higher than the stars above

Soldier boy sleep there with the angels
Soldier boy keep you safe from danger
Soldier boy we will always be together
I love you, but God he loves you better
