Late last night I couldn't stop the tears from falling  
Seems like I was crying all night long  
My baby, gone away and left me blue  
And there's not a lot that me can do  
No there's not a lot that me can do

Foolish pride to think that I could just forget it  
Knowing that the need would still be here  
Lonely, lonely room, I hold my pillow close to me  
Just an empty bed of memories, ooh  
Just an empty bed of memories, ooh

Stop the world, I want to get off  
It's turning, oh, much too fast  
It's turning, it's turning baby, much too fast  
Stop the world, yeah, stop the world

So political the situations, really  
Crazy like you know what I mean  
My baby, come and gone, vibration too far out of hand  
Just an empty bed in my homeland, ooh  
Just an empty bed in my homeland

Oh, stop the world, I want to get off  
It's turning, oh, much too fast  
It's turning, much too fast, much too fast  
Stop the world, yeah, stop

Stop, stop breaking my heart  
Stop, stop breaking my heart  
Stop, stop breaking my heart

Stop, stop breaking my heart  
Stop, stop breaking my heart  
Stop, stop breaking my heart  
Oh stop the world

Stop the world, yeah, stop  
Stop the world, I want to get off  
Stop the world, ooh, ooh, baby

Stop the world, baby, stop the world

Ooh, baby, you're breaking my heart, baby  
Stop the world, baby stop the world
