You make me feel like dancin' all night long  
You flip my light switch and you turn me on  
You shake me, earthquake me  
You're all the boogie I need

I'll slip into a sexy negligee  
You know the kinda games I like to play  
Gimme a kiss, I'll be your dish  
You're all the boogie I need

You're all the boogie I need  
Come on and dance this one with me, baby  
You're all the boogie I need  
You can get your sweet, sweet lovin' from me, baby

With your unique physique you make me feel  
The things I felt impossible are real  
You sweet beau, can't say no  
You're all the boogie I need

Baby, I got the urge to do the unknown  
The kinda things that mama banned in home sweet  
home  
I need your touch, let's munch a bunch  
You're all the boogie I need

You're all the boogie I need  
Come on and dance this one with me, baby  
You're all the boogie I need  
You can get your sweet, sweet lovin' from me, baby

Get it from me, baby, hey, aah  
You're all the boogie I need  
I love you boogie child come on  
Let's dance a while, baby
