Aaaah

Aaaah ih ah ih aaaah

Aaaah
Aaaah
Aaaah ih ah ih aaaah

You should know that
I have seen you baby,
This little miss ain't crazy,
Where have you been lately?
Creepin' with another lady?

I heard on the telephone,
Try to put my name down,
(Hey yo, what's up baby? You can talk with me tonight
while she be buggin')
I heard it from my girl,
She was tryin' to hook up in town,
(She may be down at the velvet club tonight)
You better go tell her.

She can never clock it,
So you better go and stop it,
Tell me what's the deal?
Oh uh ooh oh
And if you try to rock it baby,
And I am gonna block it,
Be a bitch for real,
Ooh uh ooh uh oh.

Aaaah
Aaaah
Aaaah ih ah ih aaaah

Let me ask you,
Does she give you chills?

Do you wanna pay her bills,
And let me tell you why, yeah yeah
She can never satisfy you baby.

â€~Cause she can't
Talk like me,
Walk like me,
Flow like me,
Be like me,
Dance like me,
Suck like me,
Funk like me,
Wanna be me,
Don't you see she's got to go?
She will use you,
That's for sure,
Come on daddy,
Let me know,
Is it me or lovin' bone? What.

She can never clock it,
So you better go and stop it,
Tell me what's the deal?
Oh uh ooh oh
And if you try to rock it baby,
And I am gonna block it,
Be a bitch for real,
Ooh uh ooh uh oh.

She can never clock it, (she could never)
So you better go and stop it, (so you better)
Tell me what's the deal?
Oh uh ooh oh
And if you try to rock it baby, (and if you try)
And I am gonna block it, (baby I'm gonna)
Be a bitch for real,
Ooh uh ooh uh oh.

What's the deal Chico?
You better be real Chico,
Why you ain't callin', who're you hidin' for?
Sorry baby Pops,
But I really can't do ya,
Already got a boo, gotta stay true,
Can't play no more, why didn't ya tell me so?
That you were so hot two weeks ago,
Girl please ease your flow, she's my ho,
And you and me just don't exist no more.

She could never,
So you better,

Realize she cannot satisfy,
And if you try,
Baby I'm gonna,
Be a bitch, you know what I'm sayin'?
I ain't playin',
So chose the right thing,
C'mon c'mon now.

She can never clock it,
So you better go and stop it,
Tell me what's the deal?
Oh uh ooh oh
And if you try to rock it baby,
And I am gonna block it,
Be a bitch for real,
Ooh uh ooh uh oh.

She can never clock it,
So you better go and stop it,
Tell me what's the deal?
Oh uh ooh oh
And if you try to rock it baby,
And I am gonna block it,
Be a bitch for real,
Ooh uh ooh uh oh.

She can never clock it, (she could never)
So you better go and stop it, (so you better)
Tell me what's the deal?
Oh uh ooh oh
And if you try to rock it baby, (and if you try)
And I am gonna block it, (baby I'm gonna)
Be a bitch for real,
Ooh uh ooh uh oh.

She can never clock it, (she could never)
So you better go and stop it, (so you better)
Tell me what's the deal?
Oh uh ooh oh
And if you try to rock it baby, (and if you try)
And I am gonna block it, (baby I'm gonna)
Be a bitch for real,
Ooh uh ooh uh oh.
