Money makes the world go round,
It's easy when you're safe and sound,
Money makes you feel good now,
But someday it will all come down.

What what,
Watch out, watch out.

Somebody tell me what's up with the world please,
What's going on? I can't find no ease,
War and corruption surrounding me, (what)
People getting stuck, can't beat poverty,
Can it be that it was all so simple then? (right)
Back in the days at the age of ten, (uh)
I grew up learning in the sunshine,
Now it's struggle and survive, or what's mine,
Now it seems like I only think of money,
But isn't it funny cash makes you somebody,
'Cause I once told that if I ever grew old,
don't cash money, it makes you sadder makes you
bold.

Money makes the world go round, (nobody know
honey)
It's easy when you're safe and sound, (so easy when
you're safe and sound)
Money makes you feel good now, (now) (and you know,
and you know, and you know)
But someday it will all come down (yeah ih yeah hea)

So in this music industry,
We all survive to be,
The one with the cash,
The one with the keys,
Ain't got to tell, but my baby loves me,
Everything will be alright as long as we're free,
But the ability to find the quality in the society,
Is like finding needles in haystacks,
But luckily,
I got faith for the day that it goes down,
But isn't it profound how we all are spellbound,

By the end and the power of the dollar,
We suffocate 'cause we don't hear the earth when it
hollers,
So why don't meditate on these rhymes,
I think of the kids and my own boy child,
So listen up, make it up.

Money makes the world go round,
It's easy when you're safe and sound, (yeah yeah)
Money makes you feel good now, (make you feel good
now)
But someday it will all come down (oooooh no)

Money makes the world go round, (so baby)
It's easy when you're safe and sound,
Money makes you feel good now, (oh babe oh babe)
But someday it will all come down (aaaaaaa)

How long do we rock it?
From day one make a hole try to suck it,
And even though we type it slow with my pocket,
It's the miss and you know you can't stop it, uh.

How long do we rock it?
From day one make a hole try to suck it,
And even though we type it slow with my pocket,
It's the miss and you know you can't stop it, aaaaaaaaa.

How long do we rock it? (money makes the world go
round)
From day one make a hole try to suck it, (money make
the world go round)
And even though we type it slow with my pocket,
(money makes the world go round)
It's the miss and you know you can't stop it. (money
makes the world go round) aaaaaaaaaaaaaaaaaa

How long do we rock it? (money makes the world go
round) (how long can we rock it)
From day one make a hole try to suck it, (money make
the world go round)
And even though we type it slow with my pocket,
(money makes the world go round)
It's the miss and you know you can't stop it. (money
makes the world go round)
