I love my pretty little castaway
Been casting glances at her everyday
I know I took all my pills today
I took all my pills today

You're lookin for a new frustartion
A bit of skin and a bit of lip
I know a bit cuz the streets are better
Oh I never bet you found a love down there

One to another all undercover
Under the table that's how I see ya
One to another promise a number
Millions of people Friday feeling

Now now now now now now now now

Little gallop little short spell
This little pony got me short of breath
I know I took all my pills today
I took all my pills today

I've finally found a new relation
Gives me the shakes and makes my heart go stop
I'm so at home with this homesick maker
Oh gives me the shivers makes my stomach drop

One to another all undercover
That's how I see ya
Under the table
Wanted a number
Millions of people
Friday's a feeling
Under the table
Turn it around and
Holding each other
One to another
All undercover
Wanted a number
Millions of people
That's how I see ya

Friday the feeling

Now now now now now now now now (x4)
