(Neil Young)

Been burned and with both feet on the ground,
I've learned that it's painful comin' down.
No use runnin' away, and there's no time left to stay;
Now im finding out that it's so confusin',
No time left and I know im losin'.

Flashed and I think im fallin' down,
(Flashed and I think im falling)
Crashed, and my ears can't hear a sound. (sound.)
No use runnin' away, and there's no time left to stay;
Now im finding out that it's so confusin',
No time left and I know im losin'.
Now im finding out that it's so confusin',
No time left and I know im losin'.
Burned and with both feet on the ground.
(Burned and with both feet on the ground.)
I've learned that it's painful comin' down.
No use runnin' away, and there's no time left to stay;
Now im finding out that it's so confusin',
No time left and I know im losin'.
