Electrical is ??
The anchor and the strife
They are analyzing details
Through the morning, through the night
And chaos, order
From darkness, light
I will offer no resistance
I can offer no respite

Wake me when the conflict is over
I aim for a peaceful life
Shake me when this madness is no more
I favour a peaceful life

Cain and Abel

The wrong and the right
I will offer no resistance
In the battle, in the fight

Wake me when the conflict is over
I aim for a peaceful life
Shake me when this madness is no more
I favour a peaceful life

Wake me up when the fury is over
I like living a peaceful life
Shake me when this conflict is no more
My aim is a peaceful life
