Now or never, woah oh

I'm trapped with all these angry words  
This is how I feel  
I who thought that we were friends  
Nothing is easy on this earth  
I wish you knew  
I wish you understood

Now or never  
Can't you see how I feel?  
I don't want anything to do with you  
Why do you have to ruin everything?  
Now or never  
Can't you see how I feel?  
I can't forgive and forget  
Anything else is a dream  
Now or never, woah oh

Maybe you thought it it was all just a game  
Every chance I gave you  
Turned into a betrayal  
But now my patience is at an end  
I have to close the door  
I can't take it any more

Now or never  
Can't you see how I feel?  
I don't want anything to do with you  
Why do you have to ruin everything?  
Now or never  
Can't you see how I feel?  
I can't forgive and forget  
Anything else is a dream

(Now)

Time to understand  
What will happen?  
You have to realise  
The coice is yours

All or nothing  
Do we have anything left?  
Give me an aaaanswer

Now or never  
Woah oh, woah oh

Now or never  
Can't you see how I feel?  
I don't want anything to do with you  
Why do you have to ruin everything?  
Now or never  
Can't you see how I feel?  
I can't forgive and forget  
Anything else is a dream

Now or never
