Here the lights fall just as hard a bit softer in the stall  
It's not really wrong, it's not really right I'm wide awake  
She's upfront, upshot, upstart, up in every case  
The kind of girl that whispers thank God for you

Ooh yeah, and all you got is me  
Ooh yeah, and all you'll need is me

The confusion is in the night that I stumbled  
It's in the morning that I, that I struggled  
Because I start to forget but she will always remember  
The kind of girl who laughs and says "Get up off your  
knees"

Ooh yeah, and all you'll need is me  
Ooh yeah, and all you'll want is me  
Ooh yeah, all you'll need is me  
Ooh yeah, all you'll want is me

And so you come and so you go  
Tell me how hard, how fast  
Baby, tell me how high, well, I must go?

Tell me what you want  
And tell me what you need?  
Tell me how hard, how fast  
Baby, tell me how high, well, I must go?  
Tell me how high, well, I must go?

Ooh yeah, and all you'll need is me  
Ooh yeah, well, all you'll want is me  
Ooh yeah, well, all you'll need is me  
Ooh yeah, well, all you'll get is me

This is the time of my life  
This is the time of my life  
This is the time of my life  
This is the time of my life

This is the time of my life  
This is the time of my life  
This is the time of my life

This is the time of my life

This is the time of my life

This is the time
