"She said she'd live her life more wisely
And so I let her wake up beside me
He says he'd give up almost anything
If I let him live his life next to me
I'm not hungry, baby I am starving
And I'll not forget about me
About me
About me
I'm the type of girl
When you fall in love
You fall forever
I'm the type of girl
When you fall in love
You fall forever
So I count my fingers
I count my toes
I remember this
I remember those
I remember every magic moment
'Cuz when I'm gone
Your're gonna be alone alone alone
And all this time
He was hoping for a poet
He stands up right next to me
He starts singing
You forget that girly-man baby
You come with me
You forget that girly-man baby
You come with me
So I'm counting backwards
In my bed I start feeling
Like I'm buried alive
I'm buried alive
Right next to me
She said she'd live her life more wisely
So I let her wake up beside me
Yeah
He says, Baby, I would do anything
Just let me live my life next to you
But I'm not hungry, baby I'm starving
I will not forget about me

about me
about me
I'm the type of girl
When you fall in love
You fall forever
And so I count my fingers
I count my toes
I remember this
I remember those
I remember every magic moment
'Cuz when I'm gone
You're gonna be alone alone alone
And all this time
He was hoping for a poet
He stands up right next to me
He starts singin'
You forget that girly man
Baby you come with me
Yeah you forget that girly man
Baby you come with me
So I'm counting backwards
In my bed
I start feeling
Like I'm buried alive
I'm buried alive
Right next to me"
