Dark, you can't come soon enough for me  
Saved, from one more day of misery  
Everything I love, get back for me now  
Everyone I love, I need you now

Don't forget a million miles for me  
Safe and another day can pass by me  
Everything I'd love, get back for me now  
Everyone I'd love, I'd need you now

(So what?)  
So I conned, I lied  
I lied to me too  
(So what?)  
So I conned, I lied  
I lied to me too  
(So what?)

Hold out for the ones you know will love you

Hide out from the ones you know will love you  
You, you too

Hide to the edge and back, be there  
Slow to make my move, I'm almost there  
Everything I say, I say to me first  
Everything I do, I do to me first

(So what?)  
So what, I lied  
I lied to me too  
(So what?)  
So what, I lied?  
I lied to me too

Hold out for the ones you know will love you  
Hide out from the ones you know will love you  
You, you too

Dark, you can't come soon enough for me
