You say it's kinda like that
Sad and blue
You get all emotional
And I get asked to go
You love six atop the tree
Shake it, shake it 'til it's free
I hope it's good to you
It's was good to me

Don't go looking for me there
I left an hour ago
You had your chance to love me (yeah)
Now I don't know

Is it kind of like that?
Sad and kinda slow
You get all emotional
Than I get up and go
There's six on top your tree
Shake it, shake it 'til it's free
I hope it's good to you
It was good to me

Don't go looking for me there
I left an hour ago
You had your chance to love me
Now I don't know
Don't go looking for me there
I left an hour ago
You had your chance to love me
Now I don't know
Now I don't know
Now I don't know
Now I don't know
Now I don't know
