(Verse)

When I think of you I think of your skin,
Golden brown from the sun.
Your arms are switched, you're looking shorter than
you've been
Boost the blowing in the wind.
When I picture you I think of your smile
And it drives me wild.
You're not escaping me, I left them to the sun,
And it drives me wild.

(Chorus)

You carry romance in the palm of your hand,
You caught a place for us.
You come to suffer, stretch it, follow the plan,
You caught a place on this.
And it drove me, and it drove me,
And it drove me wild.

(Verse)

When I envision you I think of your sheets
Tangled up beneath me.
Your body inching close, closer fully edged,
I got a hold of you then.
When I imagine you I think of that room
And it drives me wild.
Your face relaxed, your voice a whisper in my ear,
And it drives me wild.

(Chorus)

You carry romance in the palm of your hand,
You caught a place for us.
You come to suffer, stretch it, follow the plan,
You caught a place on this.
And it drove me, and it drove me,
And it drove me wild.

(Bridge)

I would have asked, swim into those streets,
Over and over.
I would have stole or rush us through those meets

Over and over.
But you knew that you drove me wild
And you never let me lose control.
You drove me wild.
Control.
You drove me wild.

(Chorus)
You carry romance in the palm of your hand,
You caught a place for us.
You come to suffer, stretch it, follow the plan,
You caught a place on this.
And it drove me, and it drove me,
And it drove me wild.
You carry romance in the palm of your hand,
You caught a place for us.
You come to suffer, stretch it, follow the plan,
You caught a place on this.
And it drove me, and it drove me,
And it drove me wild
