It's not far to go it's not far at all  
It's not far to go you're not far at all  
Pools out back waters so cold  
There's not much said that I don't know  
The difference between frozen hands and feet  
You come right out and you ask me  
Nobody ever asks me  
In the pool out back water to my chest  
Towel lying in the grass  
It looks a lot worse than it seems  
But you know baby that's just me  
We can only hope that it might be me  
It's not far to go you're not far at all  
And darlin darlin darlin darlin yeah  
Looking for a laugh wanna stop back  
When you're done whining

And taking things back  
I'll be there as always feet submerged  
And probably frozen  
We can only hope that I'll be frozen  
Enough of that as if I care as if I need to know  
Like I was there  
But if I was you just call my name call my name  
And I'll be there if you call my name  
You know I'll be there  
Imagine you're so far away no matter what you do  
No matter what you say  
You couldn't stop the world for a moment  
In the middle of good-bye  
You stop in to say hi is it all right if I say hi  
It's not far to go it's not far at all
