"It Was Midnight"

It was midnight
Your hand was in mine
All eyes were on our table
It was after noon before you were out of bed and I was
able to concentrate
To figure out a plan to keep you here,
To evaluate..
To make a list, a list to convince you

Don't run away;
It only fuels the flames..
Don't pull away;
It only makes me wanna stay..

It was monday
You were packing on my floor
My eyes were charting every move you made
It was early evening before you were home and I was
sure you were safe
I can't concentrate
I try so hard to plan to keep you here
I can't evaluate
I threw away the list to convince you

Don't run away;
It only fuels the flames..
Don't pull away;
It only makes me wanna stay..
Don't run away;
It only fuels the flames..
Don't pull away;
It only makes me wanna stay..
Gone..gone..gone..gone...

Don't run away;
It only fuels the flames..
Don't pull away;
It only makes me want to stay..
(it was midnight)
Don't run away;

It only fuels the flames..
(it was midnight)
Don't pull away;
It only makes me want to stay.
