I listened in
Yes I'm guilty of this
You should know this
I broke down and wrote you back
Before you had a chance to
Forget forgotten
I am moving past this giving notice
I have to go
Yes I know the feeling,
Know you're leaving
Calm down, I'm calling you to say
I'm capsized, staring on the edge of safe
Calm down, I'm calling back to say
I'm home now
I'm coming around, coming around
Nobody likes to but I really like to cry
Nobody likes me
Maybe if I cry
Spelled out your name and lists the reasons
Pain of heart
Don't call me back
I imagine you when I was distant
Non-insistent

I follow suit and layed out on my back Imagine that
A million hours left to think of you
And think of that
Calm down, I'm calling you to say
I'm capsized, staring on the edge of safe
Calm down, I'm calling back to say
I'm home now
And coming around, coming around
Nobody likes to but I really like to cry
Nobody likes me
Maybe if I cry
Encircle me, I need to be, taken down
Encircle me, I need to be, taken down
Encircle me, I need to be, taken down
Nobody likes to
But I really like to cry
Nobody likes me
Maybe if I cry

Nobody Encircle me, I need to be, taken down
