I got trouble, oh yeah  
I got trouble, oh yeah  
I don't know, are you alright?  
I don't know, are you alright?  
I got trouble, oh yeah  
I don't know, are you alright?  
I don't know if you're alright  
no matter what you do  
what you say  
I'll get right on right about you  
you've got trouble right about now  
you've got trouble right about now, yeah yeah  
oh you've got trouble  
you've got trouble, oh yeah, oh yeah  
cos if you save my soul  
I don't want to move my body, move my soul  
cos then you take my soul  
I get down on me, singing  
oh how, are you alright?  
saying oh how, are you alright?  
no matter what you do  
what you say  
I'll get right on right about you  
you've got trouble right about now  
you've got trouble right about now, yeah yeah  
you've got trouble  
you've got trouble  
no matter what you do  
what you say  
well I'll get right on right about you  
you've got trouble right about now  
you've got trouble right about now  
you've got trouble right about now  
you've got trouble right about now, yeah yeah  
you've got trouble  
you've got trouble, so oh yeah, so yeah
