Well I forget your number  
I don't know how I did it  
But I did it and I'd do it again  
I forget the car  
I know you're losing me  
And yes I walk away with it all  
You go and I will stay  
If you love then I will hate  
Everything, everything, everything about  
The far east side of the biggest river  
\_\_\_\_ says there's no time \_\_\_\_  
She says you've got to buy the right clothes  
And you've got to shop at the right stores  
And singer takes a walk on the front porch  
Broken hands no words it could have been worse  
Takes her place at the back of the line  
Said, "Baby, you're much better than  
fine"  
You go and I will stay  
And if you love him, I will hate him  
Everything, everything, everything about this game  
'Cause nothing, no nothing  
Ah-ah-ah-ah nothing, no nothing  
Is going to keep me away/awake?  
I've got cold feet on the front porch  
Of the house that you said you couldn't see  
Let alone \_\_\_\_  
\_\_\_\_ in the next room my stomach drops?  
She says do anything but don't shoot/you?  
You do anything but don't you  
You do anything but don't you go  
And I will stay  
If you love him I will hate  
If you go then I will stay  
If you love him I will hate  
Everything, everything, everything about your game  
No nothing, no no no nothing  
Ah-ah-ah-ah nothing, no no nothing  
It keeps me  
You know the answer  
You know where I will be

You've got things figured out  
Yeah well figure things out for you and me  
You know the answer  
You know where I will be  
You've got things figured out  
Yeah then figure this out for you and me  
Because nothing, no no nothing  
Oh I say nothing, no no nothing  
Keeps me awake
