Heard you say  
You're too good for me  
When you got dumped to called me over  
It blew my head  
Never wanted me  
Now you left the keys  
Through the dark and up the stairs  
I can hardly breathe  
Waited all my life  
For this kiss tonight  
Sneaking out your window now  
There is only one way out  
The grass is so far down  
My pants are falling to the ground

Regret it, forget it  
How I met your mother now  
Sneaking out  
We're naked now  
In the dark out lips connect

Then I knew  
Too good to be true  
Those green eyes they turn to blue  
Realize it wasn't you  
Waited all my life  
Then it crashed tonight  
Sneaking out your window now  
There is only one way out  
The grass is so far down  
My pants are falling to the ground

Regret it, forget it  
How I met your mother  
And you ran into the room  
You scream and didn't know what to do

I never dreamed this how we'd be  
One day I hope you forgive me  
So tell me  
Now who's laughing?

Heard you say  
You're too good for me  
Now your mom just picked me up in her escalate  
Sneaking out your window now  
There is only one way out  
The grass is so far down  
My pants are falling to the ground

Regret it, forget it  
How I met your mother  
How I met your mother now
