Let me tell you about this girl I know
Molly Makeout whoa oh oh
Up and down
It's rising action
Molly Makeout satisfaction
Easy to please, get on your knees
You're wasting time

Molly Molly Makeout (Molly Molly Makeout)
Any time, any guy
Just watch your back
You wont know what to do
Molly might makeout with you

She was lost, but now she's found
I'll tell you what she's thinking now
She thinks she's got all the power
South on 95 two hours
Maybe she's not worth the drive
But Molly makes me come alive
So easy to please
Get on her knees
You're wasting time
Yeah your begging for this
But your not, oh your not, much further tonight
This is why they call her

Molly Molly Makeout (Molly Molly Makeout)
Any time, any guy
Just watch your back
You wont know what to do
Molly might makeout with you

Molly Molly Makeout
Any time, any guy
Just watch your back
You wont know what to do
Molly might makeout with you

Molly Makeout you lie too much
Said your lips no boy could touch

If making out just what you do
Then Molly Makeout's the girl for you

Every night you take off that dress
Where you've been is anyone's guess
The truth is that I just don't care
As my hands run through your hair

Molly Molly Makeout
Any time, any guy
Just watch your back
You wont know what to do
Molly might makeout with you

Molly Molly Makeout (Molly Molly Makeout)
Any time, any guy
Just watch your back
You wont know what to do
Molly might makeout with you

Every night you take off that dress
Where you've been is anyone's guess
Making out is just what you do
Molly might makeout with you

Oh oh whoa oh whoa oh
