CAlm down  
Pull yourself together  
IT'll be alright  
Regret is so completely useless  
But I can't go back  
But if she wanted me to stay  
How could I go?  
I should have known it was the first time  
Give it give it back  
But you take  
This out on me  
I cna't believe this was the first time  
I wonder how she will remember me  
As time goes by  
Was it just how she was imagining?  
If I called tonight  
Would she tell me why  
But if she wanted me to stya  
How could I go?  
I sohuld have known it was the first time  
Give it give it back  
You take it out on me  
I could belive it was the first time  
Did it mean everything?  
'Cause I can feel the tears fall to the ground  
Would it be like the first time?  
But if she wanted me to stay  
Give it give it back  
What you take  
This all on me  
I can't believe this is the first time  
I cna't believe it was the first time
