~Take away the sensation inside.. bittersweet migraine  
in my head.. its like a throbbing toothache of the mind..  
I cant take this feeling anymore..

ÂDrain the pressure fromt he swelling..this sensations  
overwhelming..give me a long kiss goodnight and  
everything will be alright..tell me that I wont feel a  
thing.. so GIVE ME NOVACAINEÂ

~Out of body and out of mind..kiss the demons out of  
my dreams..I get the funny feeling and thats  
alright..Jimmy says its better than here..

ÂDrain the pressure from the swelling..this sensations  
overwhelming.. give me a long kiss goodnight and  
everything will be alright.. tell me that i wont feel a that  
I wont feel a thing so GIVE ME NOVACAINEÂ

ÂDrain the pressure from teh swelling..this sensations  
overwhelming..give me along kiss goodnight and  
everything will be alright tell me Jimmy i wont feel a  
thing so give me novacaine
