"Jam For The Lamb"

The sun is up, the sky is blue. Ever wonder what it
means for you?
Everything was created by Him. Mountain, sea, earth
and sky
Ever stop and wonder why?

Heaven is at, His command. The earth and stars, move
in His hand
Honor and glory, is His, amen..
All creation gives Him praise... I will also all my days

Chorus:

Jam for the Lamb, praise Him with your rhythm and
blues
Jam for the Lamb, put on your dancing shoes
Jam for the Lamb, lift up your voice and sing
Jam for the Lamb, Jesus the Christ is King

Your saving grace, mercy me - By Your stripes You set
me free
Praise You Jesus, Savior, amen
Every knee is gonna bend - You're my King and You're
my Friend

The well runs dry, You fill me up - You overflow my little
cup
Holy, holy Lord God, amen
Glory, glory to the Lamb - Praises to the Great I Am
