And I get down, upon my knees
To please - you still won't come around.
You're only happy with my feet stuck to the ground.
[Ooooooh]
Down...down...down

Hey I don't wanna talk about it,
I think I'd rather laugh around it,
But how can you mock me when you know you want me?
Might be a little too simplistic,
Perhaps I'm bein' optimistic,
But I gotta think that I am right!

Lucky town, nothing changes - the same faces
Hang around.
Only satisfied with their feet tied to the ground.
[Ooooooh]
Down...down...down

Hey I don't wanna argue for it,
I think I'd rather just ignore it,
But how do you criticize when you know I'm perfect?
Might be a little too simplistic,
Perhaps I'm just optimistic,
But I got a feelin' I know you will want me,
You will need me,
You will see me,
Then believe me right now!

[Short instrumental]

I don't wanna talk about it,
I think I'd rather laugh around it,
But how do you hate me when you know you love me?
Might be a little too simplistic,
Perhaps I'm bein' optimistic,
But I gotta think that I am right!

I am right...

That I am right...

That I am right!

That I am right...
