Iâ€™m standing beside you in this sacred aisle
With my heart pumpinâ€™, with gold & a smile
When the Man asks the question & time stand still
Iâ€™m gonna squeeze your little hand & say I will, I will

Because I love, I love you
& with this RING I want everyone to know
Through stormy mountains & sandy desserts I will
always come home

My nameâ€™s a tattoo on your shoulder & soon in your
RING
& when you gently squeeze my hand i feel a tingling
When I look in your eyes I can see an eternity
of love coming like a sparkling river down to
me...Because...

For better or worse, for good or bad
Iâ€™ll stand beside you wether happy or sad
Oh, I know our love will cherish in joy
Weâ€™ll see ourselves in a beautiful Girl or
Boy..Because..
