I wanna know your name
I'm feeling kinda strange
Ever since you came my heart fell over
I wanna feel your frame
I wanna be your man
What am I suppose to do
To make you feel
The same way
That I'm feeling
It's the same thing
Feeling over and over again
The same way
That I'm feeling
You're my healing
Baby c'mon

We'd be so sexy
You and me
If you let me
Inside your world
We'd be so sexy
You and me
If you could be
My Baby Girl

Girl I'm about
Put on
Maybe
I like ya dress
And you're all alone
Baby
Gonna stop lock
Till I go
Crazy
Gonna chop lock
Pop it like
Jay-Z
Gonna stop
Till you drop yeah
Save Me
Gonna drop it

Like it's hot
You Amaze Me
Gonna see you
At the dance floor
Baby
Gonna be
My beautiful
Lady

I like to hear your voice
It's sexy in my choice
Is to please you only
Cause I'm liking what I see
I want you to be with me
I don't see you with any other man

I hope you feel the same way
That I'm feeling
It's the same thing
Feeling over and over again
The same way
That I'm feeling
You're my healing
Baby c'mon

We'd be so sexy
You and me
If you let me
Inside your world
We'd be so sexy
You and me
If you could be
My Baby Girl

Our bodies moving
On the floor
Ooh ooh
You keep me coming back for more
Ooh ooh

You got me feel so good
I can't handle that
With the body so hood
I mangle that
Aye aye
I handle that
Dangle that
Bitch gonna tangle that
Cheah

I'm ready to go

Gonna bring you on the floor
You know once you let go
It ain't so hard never be solo

We'd be so sexy
You and me
If you let me
Inside your world
We'd be so sexy
You and me
If you could be
My Baby Girl
We'd be so sexy
You and me
If you let me
Inside your world
We'd be so sexy
You and me
If you could be
My Baby Girl

Our bodies moving
On the floor
Ooh ooh
You keep me coming back for more
Ooh ooh...
