Never let it go
Never let it go
Never let it go
Never let it go
Never let it go
Never let it go
Never let it go

Caressing the downfall
Outstretched arms on your knees crawl
Filthy & feeling low
Dancing in the undertow

Caressing the downfall
Outstretched arms on your knees crawl

The cut that always bleeds but never shows.

Everyone crawls to someone
Some run to the puppeteer & volunteer
To become one.

But who pulls the strings
That you are attached to?
Who Pours the gas
That you are the match to?

Strive for perfection and
strike with precision
Soon it blows up in your face
and the smoke blurs your vision

But now you're fading fast
Maybe your time has passed
Bound & gagged as you're
Dragged to the typecast.

Caressing the downfall
Outstretched arms on your knees crawl
Filthy & feeling low
Dancing in the undertow

The cut that always bleeds but never shows.

Everyone crawls to someone
Some run to the puppeteer & volunteer
To become one.

But who pulls the strings
That you are attached to?
Who Pours the gas
That you are the match to?

Strive for perfection and
strike with precision
Soon it blows up in your face
and the smoke blurs your vision

But now you're fading fast
Maybe your time has passed
Bound & gagged as you're
Dragged to the typecast.

Jumping back and forth
and forth and back once more
Oblivious to what it is I'm looking for

Jumping back and forth
and forth and back once more
Oblivious to what it is I'm looking for

Jumping back and forth
and forth and back once more
Oblivious to what it is I'm looking for

Jumping back and forth
and forth and back once more
Oblivious to what it is I'm looking for

Never let it go
Never let it go

Caressing the downfall
Outstretched arms on your knees crawl
Filthy & feeling low
Dancing in the undertow

Never let it go

Goodbye but I cannot forget it
No I'll never ever let it go.

Never, never, never, never...

No I'll never let it ... go

No I'll never let it ... go

No I'll never let it ... go

No I'll never let it ...

GO!
