Mornings gone  
Echoes of dawn  
Shaking my soul  
All but done  
Delirious  
The rain with the cold  
With nowhere to go

(life destroyed  
Half this body  
Figure head  
To end life  
Have i survived)

Nowhere to go

(we've been brought here for a reason  
Be it fate words and all treason  
Things will be saved  
Only a days waged  
As be plead for something to believe in)

Bringing doubt  
Full of without  
Of something to hold  
I erode  
Faith like alone  
Shrink inside as i departe the throne

(life destroyed  
Half this body  
Figure head  
To end life  
Have i survived)

With nowhere to go

(life destroyed  
Half this body  
Figure head  
To end life

Have i survived)

One by one til we are all alone

(have i survived)

Nowhere to go

(life destroyed half this body

Figure head

To end life

Have i

Survived

Breath cant i

Can feel the knife

Widen on this grip

Confession of a fallen king

Ill do almost anything

Not to be alive today)

If i could end this way of greed

Its came through a scream

And feel like i have won some way

Wade thru this dark decay

Welcome an early grave

And put my heart away

To start another game

Its getting old

With nowhere to go

(hollow hate

To not to breath

Sink inisde

To my displease

Pain indide

Desides my fate

Delerium in this painted face)

All alone

More than you'll know

One by one til we are all alone

(life destroyed

Half this body

Figure head

To end life

Have i survived)

With nowhere to go

(life destroyed  
Half this body  
Figure head  
To end life  
Have i survived)

Shrink inside as i depart the throne

(have i survived?)

Nowhere to go

(life destroyed this body  
Have i survived)

One by one til we are all alone

With nowhere to go [x2]  
Theres nothing left to prove  
What do we have to prove?

Theres nothing left to lose(good bye)  
No where to go(goodbye)
