All by myself
On a crowded street
Feeling so low
With no one to meet

My hurting heart
Beating all alone
It's tearing me apart
Being on my own

Suddenly all that changed
With just one smile
My whole life was rearranged

And then I knew
When you smiled my way
This was the day
My dreams came true
And then I knew
When you smiled I was for you
And then I knew
You were for me...
My destiny...

Sad walls are down
Happiness is flowing
Now you're around
The sun keeps on shining

Everyday I always pray
You would finally say
Forever you would stay... stay

And then I knew
When you smiled my way
This was the day
My dreams came true
And then I knew
When you smiled I was for you
And then I knew
You were for me...

And then I knew
When you smiled my way
This was the day
My dreams came true
And then I knew
When you smiled I was for you
And then I knew
You were for me...
My destiny...

And then I knew...
