How do you explain the way
The stars just hang way up in the sky?
How do you explain the way
The rain goes away whenever you walk by?

It's a mystery just how life can lead
To a place you've never been
You've knocked on that door
A hundred times before
When it suddenly let you in

(Chorus)
I don't know why
I've been so blessed
To love someone like you
I don't know why
I must confess
I only know I do

And how do you explain the way
My world has changed right before my eyes?
And how do you explain the way
You gave me wings
When I swore I could never fly?

It's a mystery what you've done for me
I'm at a place I've never been
I've knocked on that door
A hundred times before
Now you've suddenly let me in

(Chorus repeat)

In my heart
I won't question
I'll just lay here
In your arms

(Chorus repeat 2x)
