There's too much sky and not enough blue  
There's too many questions to why I love you  
There's too many clouds and not enough sun  
The rain must fall on everyone

I'm fire and you're the ocean  
I'm energy and you're the rhythm  
Love is somewhere in between  
What you believe and what you dream  
I'm just trying to make you mine, you're the ocean

There's too much doubt and not enough dare  
There's too much decision everywhere  
There's too much talk and not enough time  
Let's close our eyes and not our minds

I'm fire and you're the ocean  
I'm energy and you're the rhythm  
Love is somewhere in between  
What you believe and what you dream  
I'm just trying to make you mine, you're the ocean

You look for leads, I follow clues  
You love to win, I dare to lose  
Mostly you're a mind game in my head

You are earth then I am water  
I can give you what you're after  
You can be the word and I can be the rhyme

There's really nothing you can do  
You're going where I'm going too  
Stay beside me, stay beside me  
I want you

I'm fire and you're the ocean  
I'm energy and you're the rhythm  
Love is somewhere in between  
What you believe and what you dream  
I'm just trying to make you mine, you're the ocean  
You're the ocean

I'm fire and you're the ocean, I'm fire and you're the  
ocean  
I'm fire and you're the ocean, I'm fire and you're the  
ocean  
I'm fire and you're the ocean, I'm fire and you're the  
ocean  
I'm fire and you're the ocean, I'm your fire and you're  
the ocean  
You're the ocean
