I have a choice so I threw you away
You stood there and asked me to stay
What's a girl to do?
What's a girl to do?
I was mixed up so confused
What did I just say
What did she just say
I will regret this every day
I don't want to see because I
Wonder was it would have been like
I think you were cruel and vain but I want
You to kiss me when I want
What did I just say
What did she just say
I'm gonna practice every day
But oh guess what, I know your secret
And do you know if I will keep it
But oh I might
I think you know how you deserve this
If you kiss me I will feel nothing
You can do what you like to please me

I have a choice so I threw you away

You stood there are asked me to stay
