wasn't me who said he'd suffer,  
so you could suffer too.  
it's too late,  
i, i refuse to believe.  
it took so long,  
for me to convince you,  
you're the most beautiful thing in a world turned ugly,  
i've seen it before.

it's about time i make you choke on all your words,  
won't stop 'til i say,  
time to burn the next one off the line,  
we're taking this as far as it goes.

it doesn't matter where you run,  
there's no one here,  
it's over.  
stop saving yourself,  
look away,  
i never meant anything.

with every intention you show,  
you're darker than my soul.  
i can't stop what you've started,  
'til i stop breathing.

it's about time i make you choke on all your words,  
won't stop 'til i say,  
time to burn the next one off the line,  
we're taking this too far.

you've seen my side, goodbye,  
tear down the walls, their eyes have seen too much.

when you weren't there beside,  
i would watch the walls for hours,  
thinking of ways to carry on.

i killed for your love,  
my guilt and ignorance,  
would cause you descent.

you're walking away with his ghost,  
replace me,  
i'm just a shadow in your eye.  
in complete desperation my morals escaped me.  
i'm empty.  
i'm heartless.  
i'm selfish.  
if i can't find redemption,  
i'll burn in hell for you.

you can't stop what i've started,  
'til i stop breathing.
