Do you ever stop, stop and wonder  
What it is you want  
Live your life by their expectation  
Pride before a fall  
Try to find the truth before it finds you  
Or you may get hurt  
When you realise the situation's  
Out of your control

To the adventure playground  
I'm coming out to play

Don't be scared to voice your opinion  
Spray it on the wall  
Then you'll realise perhaps your friends  
Are not your friends at all  
Do you ever stop, stop and wonder  
Who it is you know  
Always someone there to impress you  
With their bright ideas

To the adventure playground  
I'm coming out to play
