She reminds me of a Liechtenstein Painting  
That hangs on the wall of famous halls  
In galleries around the world

She reminds me of a Liechtenstein Painting  
I saw in a book, "Oh Jeff I do love you but..."  
She's the Sleeping Girl

And when she's here I feel so glad  
But when she's sad then I cry too  
She looks like the drowning girl  
Send for International Rescue

And if she smiles then I smile too  
It really makes my day  
I only wish she'd stay that way  
La la la love you
