I thought I saw the light
Was it real or somethin' I'm imaginin'
I thought I saw the light
If it wasn't, tell me did you see it too
Did you see the light?
Yeh, tell me that you saw the light

I don't know why I even do it
All I know is that I'm so-o glad
We always make it through it
One way or another, we're gonna make it my friend

CHORUS:

I got a lot a love for you
I guess that means I got a lot to lose
I got a lot a love for you and only you

I don't know how we even do it
All I know is I'm so-o glad
We always make it through it
One more time my friend

Got me two times a wife
She's like my mother
She's there to love and understand me
Got me two times a wife
She really does have a touch
Just like no other hand
Sparkle in my eye
Too many times
I left her there alone at night
When you're out of my life
Yeh, Your love is two times as nice

I don't know how we make it through it
All I know is I'm so glad
We always seem to do it
One way or another
We're gonna make it my friend

CHORUS

I got a lot a love for you
And that's the way it should be
I don't know why we even do it
All I know is I'm so-0 glad
We always make it through it
One more time my friend

CHORUS 2:

I got a lot a love for you
I guess that means I got a lot to lose
I got a lot of love for you
You and only you and
Nobody else but you

CHORUS 2

My friend, Ahh, oh
Nobody else but you
my friend, Ahh, oh

I got a lot a
I got alot
I got a lot a love for you
Oh you
Oh, I feel I got a lot to lose
