Another song,
About how nothing feels right
And ev'rything is going wrong
Seems we've been here once before
Who's fault and who's to blame
Doesn't really matter nothing's ever gonna change
It's not working anymore

I'm trying so hard to not let go
I'm trying to let you know
Now I'm falling apart, all over again
All I gotta do is keep on,
Hanging on
Love is breaking my heart,
And love will mend, all I gotta do is hang on
You know it's sad,
We're losing everything
That we always thought we'd have
But that's the way it's got to be
Who knows? And who's to say?
There's nothing left to do
But just turn and walk away
Never thought I'd ever leave

I'm trying so hard to not let go,
I'm trying to let you know
Now I'm falling apart,
All over again
All I gotta do is keep on,
Hanging on
Love is breaking my heart,
And love will mend, all I gotta do is hang on,
Hang on
Always thought we'd be together,
(Oh yeah)
Always thought that we belonged
(oh yeah)
Always thought we'd last forever,
And I thought that we would never, ever
Let it go so wrong

I'm trying so hard to not let go,

I'm trying to let you know
Now I'm falling apart,
All over again
All I gotta do is keep on,
Hanging on
Love is breaking my heart,
And love will mend, all I gotta do is hang on,
Hang on

Now I'm falling apart,
All over again
All I gotta do is keep on,
Hanging on
Love is breaking my heart,
And love will mend, all I gotta do is hang on,
Hang on

Hang on, Hang on
Hang on, Hang on
