So you think that it's over,  
That your love has finally reached the end,  
Any time you call night or day  
I'll be right there for you when you need a friend

It's gonna take a little time  
Time to show your broken heart  
Don't you even worry pretty darlin'  
I know you'll find love again

Yeah,  
Love is all around you,  
Love is knockin' outside your door  
Waitin for you is this love made just for two  
Keep an open heart and you'll find love again i know it

Yeah,  
Love is all around you,  
Love is knockin' outside your door  
Waitin for you is this love made just for two  
Keep an open heart and you'll find love again i know it

Love will find a way  
Love is gonna find a way  
Find it's way back to you  
Love will find a way  
So look around, open your eyes  
Love is gonna find a way  
Love is gonna, love is gonna find a way  
Love will find a way,  
Love is gonna find a way back to you, yeah

I know  
I know  
I know  
I know
