I see the headlights on the highway
Im standing in the rain
Gonna hitch a ride to nowhere
Shake off mary jane
Ashes to ashes
Leave it in the dust
Dont worry about missin me
You do what you must whoa

(chorus)

Change no you cant change me
Into something I could never be
Sure nuff plain to see
That you cant, you cant change me

Are we losing our connection
Are you somewhere on the line
Yeah Im hearing your suggestion
But its too late, too late here tonight
So many reasons
Everybodys out of time
Ill take my chances baby
Ooh ooh and take whats mine

(chorus)

You know youre something to see
But you cant no you cant change me
Youre somewhere in tomorrow
Im stuck here in today
Got more trouble than a man can borrow
When youre livin it up livin in outer space

(chorus)

Change you cant change me
Yeah I bet youre something to see
But you cant no you cant change me
