Honey got something to tell you
You drive me outta my mind
Crazy situation, it aint infatuation
Aint gonna waste no more time
Back now a new days coming
Everything is plain to see
Baby youre the one Im missing
Do you want to be with me
What a fool I kept you hangin on the line
I didnt care that your heart was doin time

I know love has got a hold on me (x2)

Honey Ive always been a drifter
Took a long time accepting the truth
Baby youre the one Im lickin
No one treats me like you do
What a fool I kept you hangin on the line
I didnt care that your heart was doin time
