"Starry Eyes"

When she laughs
She's got the power of a child in her eyes
And when she cry now
She'll hold you like a man's
Supposed to be held
I can't get into words how I feel
Get it right in this song now
I had to set her free
Needed a friend
Come back to me

Oh starry eyes
Oh, oh
Standing alone in the night
You could see her cry
With a smile and a wink
And a sparkle in her eyes
She calmly sighed, I will be alright
Okay child you've had to take the pain
Of a man in the streets
You gotta let me in
Needed a friend
Even just for the night

Oh, starry eyes
Oh, oh

Oh no, oh no, oh no

Oh starry eyes
Oh, oh
