**Grunka Lunka's:**

Grunka lunka dunkity doo  
We've got a friendly warning for you  
Grunka lunka dunkity daces  
The secrets of Slurm's on a need to know basis

Asking questions in school is a great way to learn  
If you try that stuff here you might get your legs broke  
We once found a dead guy face down in the Slurm  
It could easily happen again to you folks

So keep your head down and keep your mouth shut  
Grunka lunka lunka dunkity dot!

*Later at the secret door:*

Grunka lunka dunkity-gredient  
You should not ask about the secret ingredient!  
Grunka lunka dunkity darn guards...
