What ever happened in here I don't know and  
The catch was upside down our lives are broken  
This was like any other ordinary morning  
And then she came at me without a warning  
Don't you blame me  
She's gone crazy

She did karate on my heart, judo on my soul  
And then she let me go (let me go)  
She did karate on my heart, judo on my soul  
And then she let me go  
She really cut me up inside  
I just wanna run and hide  
What is going on with her (I don't know)  
She did karate on my heart, judo on my soul  
And then she let me go (let me go)

She really cut me inside it's hard to admit that  
My hands are shaking I'm dizzy from the impact  
It's really taking a while for it to sink in  
I'm trying to understand what was she thinking  
Don't you blame me  
She's gone crazy

She did karate on my heart, judo on my soul  
And then she let me go (let me go)  
She did karate on my heart, judo on my soul  
And then she let me go  
She really cut me up inside  
I just wanna run and hide  
What is going on with her (I don't know)  
She did karate on my heart, judo on my soul  
And then she let me go (let me go)

It hurts inside  
And it crossed my mind  
I didn't even know I had these kind of feelings

She did karate on my heart, judo on my soul  
And then she let me go (let me go)  
She did karate on my heart, judo on my soul  
And then she let me go  
She really cut me up inside  
I just wanna run and hide  
What is going on with her (I don't know)  
She did karate on my heart, judo on my soul  
And then she let me go (let me go)
