I didn't want to say the words
But I'm afraid I fear the worst
There's something in the atmosphere
I fear we know it
We didn't know
We were the last ones left

We are here to save the world
After all that we've done
All this thought of being
Better than, better than that
Should've left this place alone
Before we claimed it for our own
We should've known
It wouldn't last forever

Space travellers
We gotta leave this place alone
Space travellers
We gotta find ourselves a home

I didn't want to say the words
But I'm afraid I fear the worst
There's something in the atmosphere
I fear we know it
We didn't know
We were the last ones left

We are here to save the world
After all that we've done
All this thought of being
Better than, better than that
Should've left this place alone
Before we claimed it for our own
We should've known
It wouldn't last forever

Space travellers
We gotta leave this place alone
Space travellers
We gotta find ourselves a home
