She said lets have some fun.
Why must we stick to one?
My boy is sick, he's home tonight.
I know you want it to.
I don't care what you do.
Come on baby make me feel all right.

Then I said:

Your boyfriend must be lovely
Or maybe he just likes me;
who lets me have you for the night.

You ripped our clothes and spread them all over the
floor.
We were about to get it done when he came knocking
at your door.

(Chorus)

Your girlfriend's cheating with me.
Stay away and please let us be.
It's not my fault she likes me more than you

I said lets have some fun.
Lets just pretend we're gone?
And let us vanish in the night.
I know you want it to.
I don't care what you do.
Baby I will make you feel all right.

I took her home to my place.
Without leaving no trace and there's no chance he'll
find us now.

We started kissing like one hundred times before.
We were about to get it done when he came kicking out
my door!

(Chorus)

Your girlfriend's cheating with me.
It's her fault so please let me be.
Save me!

I didn't know you know my name.
I didn't know you know on what lane I park my car.
I went to far. I'm sorry but that won't happen again!
Cuz I don't like her anymore. You can trust me like
before,
I stole you girl, your little pearl I'm sorry but that won't
happen again!
